INTRODUCTORY

THE Twenty-third bi-ennial Directory of the cities of New Albany and Jeffersonville is herewith presented to the public.

The New Albany Directory contains 13,216 individual names. By using 2⅛ as a multiplier the estimated population of New Albany is 28,084, an increase of 674 over 1917.

The city of New Albany is now enjoying greater prosperity than it has during the past twenty years. Its labor is employed and the factories are in full operation. Business conditions, generally, are as good as during the period of the war. Many improvements have been made since the armistice was signed. Within the past several months three industrial plants have been located in this city, a large fertilizer and acidulating plant, and two wood-working industries. Besides extensive additions have been made and are now being planned by manufacturing concerns already established here. From all indications the industrial growth of New Albany during the next few months will be extraordinary.

At the time of the publication of the Directory returns on property valuation for taxable purposes in New Albany were not all in. It is safe to say, however, that the valuation made in 1918 which was $10,309,805, will be materially exceeded.

The gross receipts of the New Albany Post Office annually during the past few years, amounted to about $65,000.

During the war, New Albany made an enviable record in the different war campaigns. In every drive the quotas were oversubscribed. The community furnished over twelve hundred men for the Army and the Navy, while the men, women and children back home remained constantly active in every capacity for the promotion of the cause.

Since the publication of the last Directory a large financial institution was added to the city's banking facilities. There are now six banks and trust companies doing prosperous business in this community.

The New Albany Chamber of Commerce consisting of the leading business men of the city is constantly growing as an institution for the community's progress and prosperity. It has a large membership and its influence is growing daily. Limited space will not permit a detailed report of its activities, but it is sufficient to say that the organization is one of the city's most valuable assets.

INTRODUCTORY

THE Twenty-third bi-ennial Directory of the cities of New Albany and Jeffersonville is herewith presented to the public.

The New Albany Directory contains 13,216 individual names. By using 2⅛ as a multiplier the estimated population of New Albany is 28,084, an increase of 674 over 1917.

The city of New Albany is now enjoying greater prosperity than it has during the past twenty years. Its labor is employed and the factories are in full operation. Business conditions, generally, are as good as during the period of the war. Many improvements have been made since the armistice was signed. Within the past several months three industrial plants have been located in this city, a large fertilizer and acidulating plant, and two wood-working industries. Besides extensive additions have been made and are now being planned by manufacturing concerns already established here. From all indications the industrial growth of New Albany during the next few months will be extraordinary.

At the time of the publication of the Directory returns on property valuation for taxable purposes in New Albany were not all in. It is safe to say, however, that the valuation made in 1918 which was $10,309,805, will be materially exceeded.

The gross receipts of the New Albany Post Office annually during the past few years, amounted to about $65,000.

During the war, New Albany made an enviable record in the different war campaigns. In every drive the quotas were oversubscribed. The community furnished over twelve hundred men for the Army and the Navy, while the men, women and children back home remained constantly active in every capacity for the promotion of the cause.

Since the publication of the last Directory a large financial institution was added to the city's banking facilities. There are now six banks and trust companies doing prosperous business in this community.

The New Albany Chamber of Commerce consisting of the leading business men of the city is constantly growing as an institution for the community's progress and prosperity. It has a large membership and its influence is growing daily. Limited space will not permit a detailed report of its activities, but it is sufficient to say that the organization is one of the city's most valuable assets.

The Jeffersonville Directory contains 8,320 individual names, which, if multiplied by 2⅛ would give Jeffersonville a population of 17,680, a gain of 1,830 over the 1917 Directory.

The past two years have been the most prosperous in the history of Jeffersonville.

The Federal Government has enlarged the U. S. Quartermaster Depot to such an extent that it now covers one hundred and twenty acres. The payroll of those employed at the Quartermaster's Depot amounts to several million dollars a year.

The new terminals of the Pennsylvania Railroad, when completed will cost over $1,000,000.

The assessed value of taxable property in Jeffersonville amounts to $6,459,916, an increase of over $2,000,000 since 1917. The tax rate is $1.80.

The Howard Shipyards Company has contracts at the present time for a half million dollars worth of boats.

The Post Office receipts for the past year were $44,701. The free mail for the U. S. Depot about $40,000.

The Clark County Bank, organized since our last issue with $50,000 capital stock, is in a flourishing condition.

The First National Bank contemplates erecting a new home on Spring, between Chestnut and Maple, costing $75,000.

Eighty-seven thousand dollars worth of buildings to be used as dwellings was contracted for during the month of May.

The Louisville Fertilizer Company constructed and has in operation a new plant costing a half million dollars.

During the war Jeffersonville and Clark County furnished 850 men for the Army and Navy, and the city met every financial demand assessed against it.

The Jeffersonville Chamber of Commerce and the Young Men's Business Club are composed of the leading business and professional men of the city. They are alive to the needs of the city and the improvements made in the past two years speak for themselves.

The publishers wish to thank the business men and the citizens of New Albany and Jeffersonville for their continued support, without which it would be impossible to issue a Directory.

We are under obligations to Gustav E. Weinman, Secretary of the Chamber of Commerce of New Albany, and to Elmer M. Frank, of the Jeffersonville Chamber of Commerce, for courtesies shown us.

"A CITY IN A BOOK"

THE IDEAL MEDIUM

Is the one which enables an Advertiser to present the facts regarding his business in the most effective, concise and forceful manner, with the greatest frequency; to the largest number of people; for the longest time; at a given cost.

Take these requirements one by one; the CITY DIRECTORY answers them all.

INFORMATION ABOUT MAIL MATTERS.

DOMESTIC POSTAGE RATES.

First Class—Letters, all written matter and all matters sealed or fastened to preclude examination, 3 cents each ounce or fraction, except drop letters, 2 cents each ounce or fraction.

Second Class—Newspapers and periodicals sent by publishers or news agents, 1 cent each pound or fraction. When sent by others, 1 cent for every four ounces or fraction.

Third Class—Printed matter, books, cromos, engravings, music, photographs, all productions on paper, except handwriting and typewriting, unsealed, 1 cent each two ounces or fraction. Limit of weight four pounds, except for single books.

Fourth Class—All matter not included in above, unsealed, 1 cent for each ounce or fraction. Limit of weight, four pounds.

A package, whether sealed or unsealed, containing writing, subjects it to postage at 3 cents per ounce.

Unmailable Matter—Animals, reptiles, alive or dead (not stuffed), insects, except a queen bee when safely secured, are excluded from the mails. Also liquors, poisons, explosives or inflammable articles, no matter how carefully wrapped, are excluded.

Registered Letters—Letters and valuable packages may be registered to any postoffice in the United States, Canada and our new possessions, on the payment of a fee of 10 cents and regular postage.

Advertised Letters—All letters remaining in the office are advertised every thirty days. If not claimed in two weeks thereafter they are forwarded to the Dead Letter Office at Washington.

FOREIGN RATES OF POSTAGE.

Canadian Postage—Letters and newspaper postage to Canada, same as in the United States. Merchandise by mail to Canada must not exceed four pounds and six ounces in weight, and the postage is 12 cents per pound.

Samples of merchandise for dispatch in mails in foreign countries are restricted to bona fide trade samples or specimens having no saleable or commercial value in excess of that actually necessary for their use as samples or specimens. Goods sent for sale in execution of an order, or as gifts, however small the quantity may be, are not admissible at sample rates and conditions.

POST OFFICE DEPARTMENT—Cont'd.

Special Delivery System—Was introduced October 1, 1885, and is now extended to all postoffices in the United States and to all classes of mail matter. Accordingly every article of mailable matter to which a 10-cent special delivery stamp is affixed, in addition to the postage required by law, will, upon its arrival by mail, have immediate delivery by a special messenger within the carrier's limits of any free delivery postoffice, or within one mile of any other postoffice in the United States to which it may be addressed. A letter bearing a special delivery stamp, together with the regular postage, may be mailed at any postoffice.

FEES FOR MONEY ORDERS.

For orders for sums not exceeding	$2.50	3 cents
Over $ 2.50 and not exceeding	$ 5.00	5 cents
Over 5.00 and not exceeding	10.00	8 cents
Over 10.00 and not exceeding	20.00	10 cents
Over 20.00 and not exceeding	30.00	12 cents
Over 30.00 and not exceeding	40.00	15 cents
Over 40.00 and not exceeding	50.00	18 cents
Over 50.00 and not exceeding	60.00	20 cents
Over 60.00 and not exceeding	75.00	25 cents
Over 75.00 and not exceeding	100.00	30 cents

Money orders may be drawn upon any money order office in the United States for any sum not to exceed $100. For larger amounts than $100, additional orders to make up that amount must be issued.

Postal Savings System—For further information enquire of postmaster.

POSTAL SAVINGS DIVISION

Deposits are received and paid at office from 7 a. m. to 6 p. m. Cards and stamps for saving small amounts may be purchased at any station.

The faith of the United States is solemnly pledged to the payment of deposits with accrued interest. No notice is required to withdraw deposits.

Accounts may be opened by any person 10 years old or older. Accounts of married women are free from control of their husbands. No person may have more than one account at one time.

Deposits will be accepted from individuals only; no account will be opened for any corporation, association, society, firm or partnership, or in the name of two or more persons jointly.

No account will be opened in the name of one person in trust for another.

No charge is made for the opening accounts or withdrawing money.

No person connected with the postoffice department is permitted to disclose the name of a depositor or give any information concerning an account, except upon instructions from the Postmaster General.

Certificates of deposit are used instead of pass books. The certificates are printed in seven denominations: $1, $2, $5, $10, $20, $50 and $100. Thus, if $3 be deposited, a $2 certificate and a $1 will be issued; if $7 be deposited, a $5 and a $2 will be issued.

Depositors' names are written in their certificates. If certificates are lost, duplicates will be issued without cost.

No account will be opened for less than $1, and deposits must always be made in even dollars. For saving smaller sums, ten-cent cards and ten-cent stamps are provided. A card with nine stamps will be accepted as $1, in opening an account or making deposits.

Postmasters may accept deposits in any number of dollars, and at any time until the balance to the credit of a depositor amounts to $1,000, exclusive of accumulated interest.

Twice each year, in January and July, deposits may be exchanged for U. S. Bonds. Persons who have accumulated $500 and exchanged any or all of it for bonds, may then deposit more in the bank.

Interest is paid once a year on deposits at the rate of 2 per cent. Interest is paid on the bonds at the rate of 2½ per cent.

The Post Office Department at Washington will buy the bonds back at par, when holders desire.

The bonds are issued in the following denominations: $20, $100, and $500. They are redeemable at the pleasure of the United States after one year from date of issue and are payable twenty years from such date, in gold.

Application for exchange of deposits into bonds must be made at least 30 days before January 1 and July 1, each year.

In case of the death of a depositor, the amount to his credit will be paid to his administrator, or, if no formal administration is desired by his relatives, it will be paid to the persons entitled to it without the appointment of an administrator.

Great care is used in opening an account, to enable the depositor to establish his identity afterwards, to the end that he may readily withdraw his money and that in case of loss of his certificates, no other person can collect them.

For further information call at the postoffice or a station for free leaflets giving full information about deposits and bonds.

THE CITY DIRECTORY
places the city on the map and is its only representative to the world beyond its own gates.

It is the city's catalogue of business and represents the city, its citizens and institutions in every corner of these United States.

It is the logical means of publicity in advertising the city, its manufacturing industries, its advantages and resources.

The men who direct the affairs of progressive and up-to-date business institutions recognize the fact that the City Directory tells the story of the city's life and keeps it before the public as no other publication does or can.

Its Classified Business Section furnishes a list of all trades, professions and pursuits, constituting a special trade directory or buyers' guide and is the best advertising medium on earth.

THE CITY DIRECTORY

places the city on the map and is its only representative to the world beyond its own gates.

It is the city's catalogue of business and represents the city, its citizens and institutions in every corner of these United States.

It is the logical means of publicity in advertising the city, its manufacturing industries, its advantages and resources.

The men who direct the affairs of progressive and up-to-date business institutions recognize the fact that the City Directory tells the story of the city's life and keeps it before the public as no other publication does or can.

Its Classified Business Section furnishes a list of all trades, professions and pursuits, constituting a special trade directory or buyers' guide and is the best advertising medium on earth.

THE CITY DIRECTORY

places the city on the map and is its only representative to the world beyond its own gates.

It is the city's catalogue of business and represents the city, its citizens and institutions in every corner of these United States.

It is the logical means of publicity in advertising the city, its manufacturing industries, its advantages and resources.

The men who direct the affairs of progressive and up-to-date business institutions recognize the fact that the City Directory tells the story of the city's life and keeps it before the public as no other publication does or can.

Its Classified Business Section furnishes a list of all trades, professions and pursuits, constituting a special trade directory or buyers' guide and is the best advertising medium on earth.

THE CITY DIRECTORY

places the city on the map and is its only representative to the world beyond its own gates.

It is the city's catalogue of business and represents the city, its citizens and institutions in every corner of these United States.

It is the logical means of publicity in advertising the city, its manufacturing industries, its advantages and resources.

The men who direct the affairs of progressive and up-to-date business institutions recognize the fact that the City Directory tells the story of the city's life and keeps it before the public as no other publication does or can.

Its Classified Business Section furnishes a list of all trades, professions and pursuits, constituting a special trade directory or buyers' guide and is the best advertising medium on earth.

B. D. ANNEWALT, Cleveland, O. — D. W. BOWMAN, Akron, O.
WM. G. TORCHIANA, Philadelphia, Pa.

THE OBJECTS OF THE ASSOCIATION ARE AS FOLLOWS:

First—To improve the Directory business by the interchange of ideas, and by the exchange of competent employes.

Second—To protect the public against fraudulent advertising schemes, operated under the name of Directories, and to drive the promoters of such out of the business.

Third—To provide permanent and continuous employment for honest and faithful Directory canvassers.

Fourth—For the mutual advancement of the established and prospective interests of all who may become members of the Association.

$100 REWARD

The Association of American Directory Publishers will pay the above reward for the arrest and conviction of any one soliciting or collecting money on Fraudulent Directories, provided the conviction results in imprisonment of not less than six months. In case of arrest immediately telegraph THEO. F. SMITH, Secretary, 489 Endicott Building, St. Paul, Minn.

THE CITY DIRECTORY

places the city on the map and is its only representative to the world beyond its own gates.

It is the city's catalogue of business and represents the city, its citizens and institutions in every corner of these United States.

It is the logical means of publicity in advertising the city, its manufacturing industries, its advantages and resources.

The men who direct the affairs of progressive and up-to-date business institutions recognize the fact that the City Directory tells the story of the city's life and keeps it before the public as no other publication does or can.

Its Classified Business Section furnishes a list of all trades, professions and pursuits, constituting a special trade directory or buyers' guide and is the best advertising medium on earth.

THE CITY DIRECTORY

places the city on the map and is its only representative to the world beyond its own gates.

It is the city's catalogue of business and represents the city, its citizens and institutions in every corner of these United States.

It is the logical means of publicity in advertising the city, its manufacturing industries, its advantages and resources.

The men who direct the affairs of progressive and up-to-date business institutions recognize the fact that the City Directory tells the story of the city's life and keeps it before the public as no other publication does or can.

Its Classified Business Section furnishes a list of all trades, professions and pursuits, constituting a special trade directory or buyers' guide and is the best advertising medium on earth.

THE CITY DIRECTORY

places the city on the map and is its only representative to the world beyond its own gates.

It is the city's catalogue of business and represents the city, its citizens and institutions in every corner of these United States.

It is the logical means of publicity in advertising the city, its manufacturing industries, its advantages and resources.

The men who direct the affairs of progressive and up-to-date business institutions recognize the fact that the City Directory tells the story of the city's life and keeps it before the public as no other publication does or can.

Its Classified Business Section furnishes a list of all trades, professions and pursuits, constituting a special trade directory or buyers' guide and is the best advertising medium on earth.

THE CITY DIRECTORY

places the city on the map and is its only representative to the world beyond its own gates.

It is the city's catalogue of business and represents the city, its citizens and institutions in every corner of these United States.

It is the logical means of publicity in advertising the city, its manufacturing industries, its advantages and resources.

The men who direct the affairs of progressive and up-to-date business institutions recognize the fact that the City Directory tells the story of the city's life and keeps it before the public as no other publication does or can.

Its Classified Business Section furnishes a list of all trades, professions and pursuits, constituting a special trade directory or buyers' guide and is the best advertising medium on earth.

A. V. WILLIAMS, Cincinnati, O. — J. L. HILL, Richmond, Va.
B. D. ANNEWALT, Cleveland, O. — D. W. BOWMAN, Akron, O.
WM. G. TORCHIANA, Philadelphia, Pa.

THE OBJECTS OF THE ASSOCIATION ARE AS FOLLOWS:

First—To improve the Directory business by the interchange of ideas, and by the exchange of competent employes.

Second—To protect the public against fraudulent advertising schemes, operated under the name of Directories, and to drive the promoters of such out of the business.

Third—To provide permanent and continuous employment for honest and faithful Directory canvassers.

Fourth—For the mutual advancement of the established and prospective interests of all who may become members of the Association.

$100 REWARD

The Association of American Directory Publishers will pay the above reward for the arrest and conviction of any one soliciting or collecting money on Fraudulent Directories, provided the conviction results in imprisonment of not less than six months. In case of arrest immediately telegraph THEO. F. SMITH, Secretary, 489 Endicott Building, St. Paul, Minn.
